Thanks everyone. It really helped having everyone jump in to get Louise's revisions made. Here are the revised fact sheets that I just sent back to Avivah. Hopefully this drill is done, for now.

We may want to post these on the IO Share Drive so that when the next drill comes, we are all working off the right materials.

Thanks again.

I put in all the changes from Louise EXCEPT for one on Synergy because neither Darlene or I could understand the change on the first talking point.

I tried to put in Accomplishments and Congressional inquiries in the fact sheets but it did not work for all of them. I don't believe that the format meant for us to write those words but rather to make sure we included in the background those items in that order. So, I tried. I don't think it fits well. In some I did not put it in because it really did not work. If you want me to go back and take it out, happy to do that. It will take just minutes.

Steve, will you check to make sure the PRIA4 one is the latest? I think Darlene said there might be a later version.

I'm happy to do anything else needed.
